Hnimo®

[www.hunkarmedikal.com](http://www.hunkarmedikal.com)

Nimo® Manual Single Breast Pump is a necessary not only for working mothers, but also for mothers who have to express and save their milk for various reasons. It is very practical and easy.

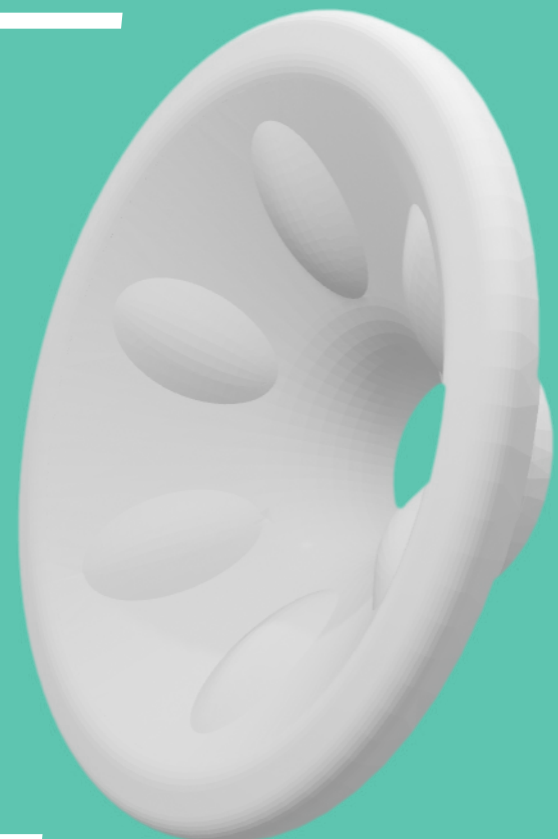

## Ergonomic Holder

Thanks to its design which can be easily used with one hand, Nimo<sup>®</sup> offers you a comfortable use.

## Soft Silicone Breast Pillow

Thanks to its special design, the soft silicone breast pad stimulates the milk ducts and facilitates milk flow.

## Imitate the Natural Expressing

It imitates your baby's natural expressing. At the same time, expressing milk after breastfeeding your baby will increase your milk supply.

## 0 BPA

Nimo<sup>®</sup> Breast Pump is made of BPA-free materials.
